EDUCATION

Gurukul Kangri Vishwavidyalaya *Aug 2023 – 2027*
B.Tech in Computer Science & Engineering | CGPA: 8.1 / 10 *Haridwar, Uttarakhand*

PROFESSIONAL SUMMARY

Full Stack Developer (MERN) who has independently delivered a live Government of Uttarakhand web application (sarra.uk.gov.in) — including CERT-In empanelled VAPT security audit remediation and production deployment on ITDA (Government) infrastructure. 2 internships, 4+ freelance projects delivered to real clients, and an open-source npm package with 196+ weekly downloads. Built HackByteCodex, a student tech platform onboarding 50+ colleges.

TECHNICAL SKILLS

Languages: C, C++, JavaScript, TypeScript, HTML, CSS
Frontend: React.js, Next.js, TailwindCSS, ShadcnUI, Redux Toolkit, Figma
Backend: Node.js, Express.js, REST APIs, WebSockets, JWT, Google OAuth
Databases: MongoDB, Redis, Mongoose, MongoDB Atlas
DevOps & Cloud: Git, GitHub, Vercel, Government (ITDA) Server Deployment, IIS Reverse Proxy Configuration, Cloudinary, Cloudflare Workers
Security: CERT-In VAPT Remediation, OWASP Top 10, CSP/Helmet.js Hardening, RBAC
CS Fundamentals: DSA, DBMS, OOP, Software Design, Agile

FEATURED PROJECT — GOVERNMENT OF UTTARAKHAND

SARRA — Spring & River Rejuvenation Authority Web Portal [Live]
Full Stack Developer & Deployment Engineer | Official domain: sarra.uk.gov.in

- Independently built and deployed a production government web application for the Watershed Management Directorate, Government of Uttarakhand, using Next.js, Node.js/Express, and MongoDB.
- Led remediation for a CERT-In empanelled VAPT security audit (Codec Networks Pvt. Ltd.) — resolved vulnerability findings and achieved an official "Safe to Host" security certification. [Certificate]
- Deployed and configured the application end-to-end on ITDA (Government) Windows Server infrastructure: IIS reverse proxy, SSL/CSP hardening, PM2 process management, and firewall configuration.
- Migrated production MongoDB database from cloud to on-premise government infrastructure with zero data loss; integrated a connected admin dashboard (CRM) for content management.

EXPERIENCE

Full Stack Web Development Intern — MERN Stack — The Social Purpose Trust [Certificate] *Feb 2025 – Nov 2025*
Remote

- Built suryasangam.com from Figma designs using Next.js, TailwindCSS, Express.js & MongoDB with JWT & Google OAuth — delivered to production.
- Optimized MongoDB queries and REST API response times; implemented RBAC and secure session management across the application.

Full Stack Web Developer Intern — Next.js, MERN — Yatrimap (Startup) *Feb 2025 – June 2026*
Remote

- Built Yatrimap Smart QR System deployed at 15+ hotels — QR-based guest check-in, document upload, and digital hotel onboarding.
- Developed yatrimap.com and 3 admin dashboards (hotel, rental, Chardham) with real-time room availability, revenue analytics, and secure REST APIs.

PROJECTS

HackByteCodex — Student Tech Platform [GitHub] [Live]

- Built a platform for college students to discover hackathons and events — onboarded 50+ colleges with active college leads representing the platform at 3 institutions.
- 4-tier role hierarchy (Super Admin → College → Club → Student), QR attendance, judge scoring, live leaderboards, reward points, and tier progression. Stack: Node.js, Express, MongoDB, Redis, Cloudinary, Next.js.

Custom DB CLI — Open Source npm Package [GitHub] [npm]

- Published CLI database management tool on npm — 196+ weekly highest downloads, 27+ weekly peak actively used by developers.
- Supports CRUD via CLI and HTTP (Express API), JSON storage, and MongoDB migration.

MediMeal — Hospital Food Management [GitHub] [Live]

- MERN stack platform with patient management, dietary customization, real-time delivery tracking, and personalized food dashboard.

Trisco — College Event Management [Live]

- Event platform with real-time email notifications, dynamic registration, Razorpay payment integration, and role-based admin dashboard.

FREELANCE PROJECTS

LuggageLux — E-Commerce Platform [Live]
Full Stack Developer

- Full-stack e-commerce with Redux Toolkit, Google & JWT auth, Razorpay payment gateway, affiliate & coupon system, and admin dashboard.

VedicPedia — Veda Website [Live]
Frontend Developer

- Platform showcasing all Vedas and mantras with integrated audio files — user-friendly spiritual knowledge portal.

Dr. Naresh Kumar Chaudhary — Portfolio [Live]
Frontend Developer

- Portfolio for a nationally recognized humanitarian honored by President A.P.J. Abdul Kalam (2007) and PM (2022) — 38+ years of service, 100K+ lives impacted showcasing 50+ major relief operations and 25+ national awards.
